

GROWER[®]

Implements

Equipment features, images, and specifications are subject to change without notice by **GROWER[®]*

Find the right implements for your farm.

Maximize your operational efficiency with **GROWER engineering**. Explore our full lineup of professional implements below. To request pricing, simply click the ‘**Get a Quote**’ button located within each product section.

– Chisel Plows

Vibratory Chisel Plows

Discover the ideal solution for deep soil preparation. Introducing **GROWER Vibratory Chisel Plows**, engineered for superior soil penetration, improved aeration, and maximum field performance to handle the toughest agricultural conditions.

Model	Working Width	HP Power
GAZ602	0,60	30-40
GAZ603	0,90	35-45
GAZ605	1,50	50-65
GAZ607	2,10	70-85
GAZ609	2,70	90-110
GAZ611	3,30	110-130

Foldable Model	Working Width	HP Power
GAZ613	3,90	130-150
GAZ615	4,50	150-170
GAZ617	5,10	170-200

Parabolic Rigid Chisel Plows

Discover the perfect solution for efficient soil preparation. Introducing **GROWER Parabolic Rigid Chisel Plows**, designed for strong soil penetration, improved structure, and reliable field performance to tackle demanding agricultural conditions.

Model	Working Width	HP Power
GAR03P	0,90	35-45
GAR05P	1,50	35-45
GAR07P	2,10	75-90
GAR09P	2,70	100-115
GAR11P	3,30	125-140

Foldable Model	Working Width	HP Power
GAR13P	3,90	165-170
GAR15P	4,50	180-195
GAR17P	5,10	200-220

Optional
Depth Control Wheels

– Disc Harrows

Disc Harrows

Tapered Roller Bearings in Oil Bath

Explore the ideal solution for effective soil preparation. Introducing **GROWER Disc Harrows**, engineered with heavy-duty components and multiple series options to deliver powerful soil cutting, excellent residue incorporation, and reliable performance in demanding field conditions.

Equipment features, images, and specifications are subject to change without notice by **GROWER®*

Series 600: 24" Discs – 60 kg per Disc

Model	Working Width	HP Power
Finishing GH616RC	1,88	50-65
Finishing GH618RC	2,11	50-65
Finishing GH620RC	2,35	70-85
Finishing GH622RC	2,58	80-95
Finishing GH624RC	2,85	90-105
Finishing GH626RC	3,00	95-110
Finishing GH628RC	3,30	100-120
Finishing GH632RC	3,75	120-140
Finishing GH636RC	4,23	140-160
Finishing GH640RC	4,70	160-180

Series 900: 26" Discs – 90 kg per Disc

Model	Working Width	HP Power
Plowing GH916RC	3,16	80-95
Plowing GH918RC	2,43	95-100
Plowing GH920RC	2,70	100-120
Plowing GH924RC	3,24	120-140
Plowing GH928RC	3,78	140-160
Plowing GH932RC	4,32	140-160
Plowing GH936RC	4,82	180-200

Series 1200: 28" Discs – 120 kg per Disc

Model	Working Width	HP Power
Heavy Duty GH1224	3,66	170-190
Heavy Duty GH1228	4,21	200-220
Heavy Duty GH1232	4,50	230-250

Integrated Disc Harrows

Friction Bearing

Series 60: 24" Discs – 60 kg per Disc

Model	Working Width	HP Power
Finishing GH6016	1,88	50-65
Finishing GH6018	2,11	60-75
Finishing GH6020	2,35	70-85
Finishing GH6022	2,58	80-95
Finishing GH6024	2,85	90-105
Finishing GH6026	3,00	95-110
Finishing GH6028	3,30	100-120

Andina - Disc Harrows

Tapered Roller Bearings in Oil Bath

Series 35: 24" Discs

Model	Working Width	HP Power
GH3516	1,80	50-60
GH3520	2,30	60-70
GH3524	2,80	70-80

– Land Levelers

Disc Land Levelers

Sealed Bearing Unit

Discover the ideal solution for efficient soil leveling. Introducing **GROWER Disc Land Levelers**, built with sealed bearing units and available with 20" and 22" discs to deliver smooth soil finishing, durability, and reliable performance in demanding field conditions.

Equipment features, images, and specifications are subject to change without notice by **GROWER®*

Series 300: 20" Discs

Model	Working Width	HP Power
3-Point Hitch GT328RB	2,55	50-60
3-Point Hitch GT332RB	2,90	60-70
3-Point Hitch GT336RB	3,25	70-80
3-Point Hitch GT340RB	3,60	80-90

Disc Land Levelers

Sealed Bearing Unit

Discover the ideal solution for efficient soil leveling. Introducing **GROWER Disc Land Levelers**, built with sealed bearing units and available with 20" and 22" discs to deliver smooth soil finishing, durability, and reliable performance in demanding field conditions.

Equipment features, images, and specifications are subject to change without notice by **GROWER®*

Series 300: 22" Discs

Model	Working Width	HP Power
Drawbar Hitch GT344RB	4,10	90-100
Drawbar Hitch GT348RB	4,45	100-108
Drawbar Hitch GT352RB	4,80	108-115
Drawbar Hitch GT356RB	5,15	115-125
Drawbar Hitch GT360RB	5,60	120-130
Drawbar Hitch GT364RB	6,00	130-140
Drawbar Hitch GT368RB	6,40	150-160
Drawbar Hitch GT372RB	6,80	150-160

Optional: Hydraulic Kit (Cylinder with Hoses)
2" for Pull-Type Rotary Cutters
3" for Pull-Type Disc Harrows or Land Levelers
4" for Pull-Type Disc Harrows or Land Levelers
Tire Assembly (2) for Pull-Type Disc Harrows or Land Levelers

– Seeders

Fine Grain Seeders

Row Spacing: 15 cm

Note: Except model SGF23C

Explore the ideal solution for precise and efficient planting. Introducing **GROWER Seeders**, including Fine Grain Seeders and Pneumatic Planters for Coarse Grains, engineered for accurate seed distribution, consistent row spacing, and reliable performance to maximize productivity in demanding agricultural conditions.

Equipment features, images, and specifications are subject to change without notice by **GROWER®*

Model	Approx. weight	No. of grooves	Power (HP)
Conventional GSGF13C	1.940	13	45-60
Conventional GSGF17C	2.175	17	60-70
Conventional GSGF21C	2.778	21	70-80
Conventional GSGF23C	2,855	23	75-85

Note: Model Conventional GSGF23C with 13 cm spacing between furrows

Model	Approx. weight	No. of grooves	Power (HP)
Direct Seeding GSGF13D	2.330	13	50-70
Direct Seeding GSGF17D	2.547	17	90-110
Direct Seeding GSGF21D	2.293	21	100-130

Pneumatic Large Grain Planters

Row spacing: 45 – 100 cm

Explore the ideal solution for precise and efficient planting. Introducing **GROWER Seeders**, including Fine Grain Seeders and Pneumatic Planters for Coarse Grains, engineered for accurate seed distribution, consistent row spacing, and reliable performance to maximize productivity in demanding agricultural conditions.

Equipment features, images, and specifications are subject to change without notice by **GROWER®*

Model	Approx. weight	No. of grooves	Power (HP)
Conventional GPLB2SC	681	2	60-70
Conventional GPLB3SC	944	3	70-80
Conventional GPLB4SC	1.093	4	80-90
Conventional GPLB6SC	1.466	6	90-100

Model	Approx. weight	No. of grooves	Power (HP)
Direct Seeding GPLB4SD	1.445	4	90-110
Direct Seeding GPLB6SD	1.923	6	110-130

– Cultivators

Vibrating Cultivator

Experience the ultimate solution for soil preparation and crop nutrition. Introducing **GROWER Cultivators and Fertilizers**, featuring our high-performance **Vibrating S-Tine Cultivators** and **Double Disc Fertilizer Spreaders**. Engineered for superior soil aeration, precise nutrient placement, and robust durability, our equipment ensures optimal field conditions and enhanced crop yields to maximize your farm's potential in any terrain.

Equipment features, images, and specifications are subject to change without notice by **GROWER®*

Model	No. of Furrows	Power (HP)
GCV2S	2	50
GCV4S	4	60
GCV6S	6	70
GCV8S	8	80

Double Disc Fertilizer Spreader

Experience the ultimate solution for soil preparation and crop nutrition. Introducing **GROWER Cultivators and Fertilizers**, featuring our high-performance **Vibrating S-Tine Cultivators** and **Double Disc Fertilizer Spreaders**. Engineered for superior soil aeration, precise nutrient placement, and robust durability, our equipment ensures optimal field conditions and enhanced crop yields to maximize your farm's potential in any terrain.

Equipment features, images, and specifications are subject to change without notice by **GROWER®*

Model	Furrows	Outlets	Power (HP)
Single GABS2S	2	2	40-50
Single GABS4S	4	4	50-60
Single GABS6S	6	6	60-70
Double GABD2S	2	4	40-50
Double GABD4S	4	8	50-60
Double GABD6S	6	12	60-70

– Pasture Renovators

Double Disc Fertilizer Spreader

Maximize your pasture productivity with GROWER engineering. Explore the superior performance of our **Pasture Renovators**, specifically designed for optimal soil aeration and enhanced root development. Our equipment ensures high-efficiency rejuvenation of your fields, maintaining the integrity of the existing turf while ensuring long-term crop health.

Model	Working width	Power (HP)
GRP02P	1,20	45-65
GRP03P	1,80	65-85
GRP04P	2,40	85-110
GRP05P	3,00	110-130

Equipment features, images, and specifications are subject to change without notice by **GROWER®*

– Brushcutters

Lift-Type Brushcutters

PTO shaft with clutch and tail wheel with flat-free tire.

Maximize your land maintenance efficiency with GROWER engineering. Explore the superior performance of our **Lift-Type and Pull-Type Brushcutters**, specifically designed for heavy-duty clearing and uniform cutting across any terrain. Our equipment ensures high-efficiency vegetation management, combining rugged durability with precise control to maintain your fields in peak condition year-round.

**Equipment features, images, and specifications are subject to change without notice by GROWER®*

Model	Working width	Power (HP)
GCAT I CM48	1,20	15-25
GCAT I CM60	1,53	20-30
GCAT II CM72	1,83	30-40
GCAT II CM84	2,13	40-50
GCAT II CM120	3,04	60-70

Pull-Type Brushcutters

PTO shaft with clutch

Note: Pull-type brushcutters include a hydraulic cylinder.

**Equipment features, images, and specifications are subject to change without notice by GROWER®*

Model	Working width	Power (HP)
GCMT72	1,83	30-40
GCMT84	2,13	40-50
GCMT120	3,04	60-70

– Flail Mowers

Flail Mower

Maximize your land clearing efficiency with GROWER engineering. Explore the superior versatility of our **Flail Mowers**, available in both **Blade** configurations for precise grass cutting and **Hammer** versions for heavy-duty brush shredding. Our equipment ensures high-efficiency debris management and a clean finish, providing the rugged durability needed to maintain your fields in peak condition regardless of vegetation density.

Equipment features, images, and specifications are subject to change without notice by **GROWER®*

Model	Working width	Power (HP)
GDB160 Blades	1,60	50-60
GDB200 Blades	2,00	60-75
GDB240 Blades	2,40	75-100
GDBM160 Hammers	1,60	60-70
GDBM200 Hammers	2,00	70-90
GDBM240 Hammers	2,40	85-115
Options: Rear discharge cover		

– Trailers

Fifth-Wheel Trailer

5-ton capacity – 16" Rims

Maximize your hauling efficiency with GROWER engineering. Explore the superior stability of our Fifth-Wheel Trailers, specifically designed for heavy-duty transport and optimal weight distribution across any terrain. Our equipment ensures high-capacity performance and reliable durability, providing the strength needed to move your loads safely.

Equipment features, images, and specifications are subject to change without notice by **GROWER®*

Model	Description
GRM C	Fifth-wheel chassis
GRM P	Platform
GRM PT	Rear dump platform
GRM PL	Side dump platform
GRM B	4×2 Sideboards
GRM BT	Rear dump with sideboards
GRM BL	Side dump with sideboards
Optional: Leaf spring set	

– Broadcast Spreaders

Broadcast Spreaders

Note: Imported implements and the integrated disc harrow line have different dealer terms and discounts.

Enhance your nutrient management with **GROWER engineering**. Explore the superior precision of our **Broadcast Spreaders**, specifically designed for uniform distribution and optimal coverage across your fields. Our equipment ensures high-efficiency application and reliable durability, providing the accuracy needed to maximize your crop yield and ensure consistent growth.

Equipment features, images, and specifications are subject to change without notice by **GROWER[®]*

Model	Working Width	Capacity (L)
GCGSA	18-24	1.280
GCGSA-T	24-36	1.280
GCGSA-T	18-24	2.350
GCGSA-T36	24-36	2.350

– Rotary Tiller

Rotary Tiller Model A

Optimize your seedbed preparation with GROWER engineering. Explore the superior performance of our Rotary Tillers, specifically designed for thorough soil conditioning and optimal tilth across any terrain. Our equipment ensures high-efficiency pulverization and reliable durability, providing the soil structure needed to maximize your planting success and ensure healthy root development.

**Equipment features, images, and specifications are subject to change without notice by GROWER®*

Model	Working Width	Power (HP)
GCAT I A100	1,05	30-45
GCAT I A140	1,45	35-50

Rotary Tiller Model B

Optimize your seedbed preparation with GROWER engineering. Explore the superior performance of our Rotary Tillers.

**Equipment features, images, and specifications are subject to change without notice by GROWER®*

Model	Working Width	Power (HP)
GCAT II B155 S	1,55	60-70
GCAT II B180 S	1,80	70-80
GCAT II B205 S	2,05	80-90
Optional: Model A Rotary Bed Maker		
Optional: Model B Rotary Bed Maker
